PARENT TEACHER LEARNING DISCUSSIONS

We would like to say 'thank you' to the whanau who attended our 'Parent - Teacher' last night, and are coming after school today. These meetings are a wonderful opportunity for you to share with us about your child, discuss their learning and the aspirations you have for the year ahead. If you have not been able to attend the discussions please feel free to make contact with your child's teacher via our school phone, cell or email and reschedule. The partnership between home & school is vital for the success of your child.

WEEKLY UPDATE

HUKANUI NEWS: (ROOM 1)

It has been a busy week in Hukanui. We have been learning all about elephants and how big they are. It has been messy in our room as we create our own elephants' wrinkly skin. I have been amazed at the children's recall of facts and willingness to write them. We really enjoyed learning to play tee ball and competing in our whanau teams. We are looking forward to today's games. Thanks to those parents that came in yesterday for parent interviews. It was lovely to meet with you and share your children's successes. Remember that we have an open door policy and you are welcome to pop in and speak to me if you have any questions or concerns. Email me on mwhiteley@eketahuna.school.nz. Thanks, Marilyn.

RONGOMAI NEWS: (ROOM 2)

Rongomai have been having an awesome week playing interhouse softball and tee ball on Tuesday and today. In writing our focus has been learning about elephants. We did research at the start of the week to help create our information reports. One of the facts that students could not visualise was how tall a 3 metre elephant was, so we squished as many students into a 3 metre gap to help us understand the actual height of an elephant. Thank you to all the parents that attended parent interviews yesterday, it was wonderful meeting all the amazing whanau that are behind the students in Rongomai. If you ever have any questions please don't hesitate and email me at hjohnston@eketahuna.school.nz. Thank you, Holly.

HAMUA NEWS: (ROOM 3)

Hopefully, by now, all of your children have mentioned something about elephants. This week we have been all over it! We are writing information reports about this majestic animal, and to totally immerse ourselves we have been doing elephant maths, and art as well. We researched how big an elephant was (3m high, 4m long) and we drew this enormous mammal, life-sized, on the carpet. The entire class was able to find a space within its shape. It truly illustrated the share size of the earth's largest land mammal. Please ask your kids what they have learned this week...see if they can remember the characteristics of a mammal. It's very interesting! It was so great to meet you all at the parent conferences this week. Thank you for making the time to come and see me. All the best for these last two weeks of term. Thank you, Rachael.

YEAR 7 & 8 ENJOY TECHNOLOGY

Students in the cooking class made delicious fruit sponge and custard!! Those in hard materials made epic games to take home or play at school - "Game in a Box"!

NIREAHA NEWS (ROOM 5)

Gotta love these kids! Ryan came to the class and asked for a few volunteers to help move the new playground bark into place - the whole class put their hand up to help out! Super helpers! Super keen to help out! Mmmm hope they weren't just trying to get out of class! We have enjoyed the first games of the House Softball Comp. Winners will play the adults at the end of the term. It has been great to catch up at the parent meetings. If you couldn't make it, remember you can contact me... bwhitburn@eketahuna.school.nz

**PUTARA NEWS: (ROOM 6)**

This week we've been working on proper, improper and mixed fractions in class.

9/12 - **proper fraction** (the numerator is smaller than the denominator)

11/7 - **improper fraction** (the numerator is larger than the denominator)

2 ½ - **mixed fraction** (a mix of a whole number and an improper fraction)

Ask your child about numerators and denominators. Can they explain to you which is which?

Thank you to those people who attended our parent / teacher interviews. With the exception of two children, I have an entirely new class this year, so it's been great touching base and meeting you all. Have a wonderful weekend and stay warm. Dean
